EXECUTIVE COMPENSATION HIGHLIGHTS

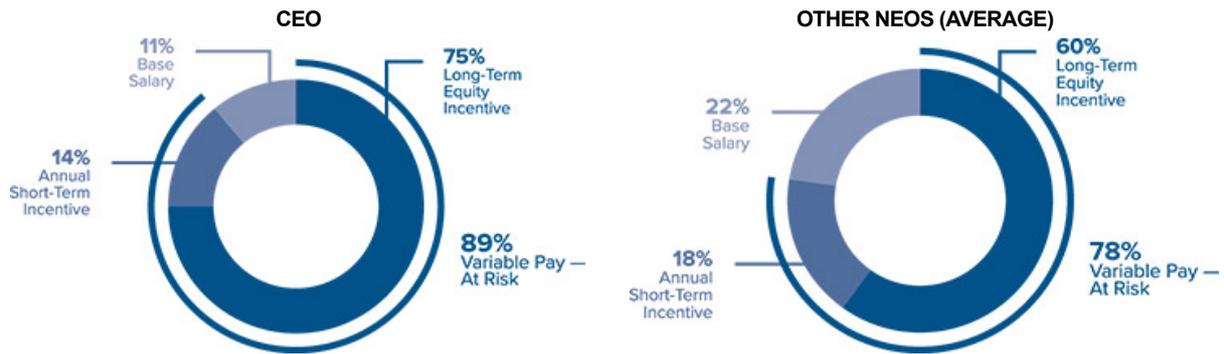

Our Compensation Philosophy — Pay for Performance. The Company believes that executive compensation should be designed to align closely the interests of its executive officers and stockholders and to attract, motivate, reward and retain superior management talent. For fiscal 2023, the Company's executive compensation was comprised of the following components:

		PLAN	PURPOSE	RELEVANT PERFORMANCE METRIC AND DESCRIPTION
ANNUAL/SHORT TERM INCENTIVE	FIXED	Base Salary	To provide fair and competitive compensation for individual performance and level of responsibility associated with position held	Based on individual performance, position, and responsibility
	VARIABLE	Executive Bonus Plan	To provide a short-term annual performance-based cash incentive opportunity through a bonus plan that is based upon achievement of the established performance goals	Bonus, which we also refer to as short-term incentive or STI, is determined based on three components that are tied directly to the performance of the Company: <ul style="list-style-type: none"> • an Adjusted EBITDA target (70% of the target award); • a free cash flow target (20% of the target award); and • a Greenhouse Gas emissions reduction target (10% of the target award)
LONG-TERM INCENTIVE			Long-Term Incentive Plan	To provide long-term incentive opportunities in the form of equity and equity-based awards in order to retain those individuals with the leadership abilities necessary for increasing long-term stockholder value while aligning their interests with the interests of our stockholders

* "Relative TSR" is the term we use to refer to total shareholder return relative to an index of our peer companies. "ROCE" is the term we use to refer to return on capital employed.

PROXY STATEMENT SUMMARY

The pie charts below show the mix of CEO and aggregate other Named Executive Officer (NEO) compensation by type and form at target for fiscal 2023:

Based on our actual results for the fiscal year ended September 30, 2023, the Company achieved 100% of the Adjusted EBITDA performance target and achieved 180% of the free cash flow performance target, which resulted in a total annual STI payout to our Named Executive Officers equal to 106% of target STI for fiscal 2023. The Greenhouse gas emissions reduction target is estimated to be achieved at 200% of the target, which would result in a total annual STI payout to our Named Executive Officers equal to 126% of target STI for fiscal 2023. The achievement of the Greenhouse Gas emissions reduction component of our target STI remains subject to a final audit, which is expected to be completed in the first half of calendar 2024, at which time the portion of STI attributable to the Greenhouse Gas emissions reduction will be paid to participants.

The Board is actively engaged with management on related topics such as management of human capital; diversity, equity and inclusion; sustainability goals; analysis of alternative pathways to achieve those goals; customer, investor and other stakeholder expectations; and the environmental impact of our Company.

SUSTAINABILITY & ENVIRONMENTAL MATTERS

To Berry, sustainability moves beyond care for our environment, and encompasses care for our employees, as well as care for our communities. It means being a good partner and a corporate steward, focused on leaving the world better than how we found it.

We believe that plastics will play a critical role in achieving net-zero greenhouse gas emissions because of its lower carbon emissions when compared to alternative substrates. With endless routes toward sustainable packaging, plastics make it possible for customers to reduce their carbon footprint while utilizing the material's lightweight yet durable properties. Plastics provide a solution for customer goals toward net-zero.

Increasing our positive impact on our local communities, our employees, and ultimately, the environment is an ongoing evolution of our culture and collective focus. At Berry, our mission is "Always advancing to protect what's important." Although this is a mission specific to Berry, in today's environment, the benefits of polymer resins have never been more apparent. The desire to protect is at an all-time high — protect the environment, protect our health, and lastly, protect our goods. We believe no other substrate in the world has the unique ability to meet these needs.

SOCIAL RESPONSIBILITY — HUMAN CAPITAL MANAGEMENT

Our mission of "Always advancing to protect what's important" doesn't just apply to our products and processes, it's our approach to team members and their career aspirations as well. We believe that the difference between having a job and a career is growth. This philosophy is one of the aspects that fuels our commitment to ensuring our team members have the development tools available to allow them to reach their goals, no matter their location or their job function.

With safety as our number one core value, we believe that when it comes to our personal safety and the safety of our team members, our best should always be our standard. It is through the adherence to our environmental, health and safety vision and principles that we have been able to identify, manage, and eliminate risk, allowing us to have an OSHA incident rate significantly better than the industry average.

At Berry, we believe diversity and inclusion drives engagement, innovation and organizational growth. By embracing individuals of different backgrounds, we not only have the ability to recruit and retain top talent, but we also have the ability to expand our way of thinking as we work together to meet the needs of our employees, customers and communities.

IMPACT 2025

As a global leader, we are driven to achieve more — more for our environment, employees, and customers. As announced in 2019, our sustainability strategy, Impact 2025, focuses on making a positive impact through our products, performance, and partners. We acknowledge that environmental sustainability is not achieved through one initiative, and we are addressing the challenges through a multi-faceted approach across the value chain. Our corporate sustainability strategy focuses on three priorities: Products, Performance, and Partners.

Products

Our strategic focus begins with the products we develop for our customers. In line with our strategy and aligned to customer goals, we have committed to minimizing product impacts by designing 100% of our fast-moving consumer

PROXY STATEMENT SUMMARY

packaging to be reusable, recyclable, or compostable by 2025. Our sustainability experts, engineers and scientists help our customers develop products with recycled content, reduced carbon footprint, reuse, renewable material, and improved recyclability.

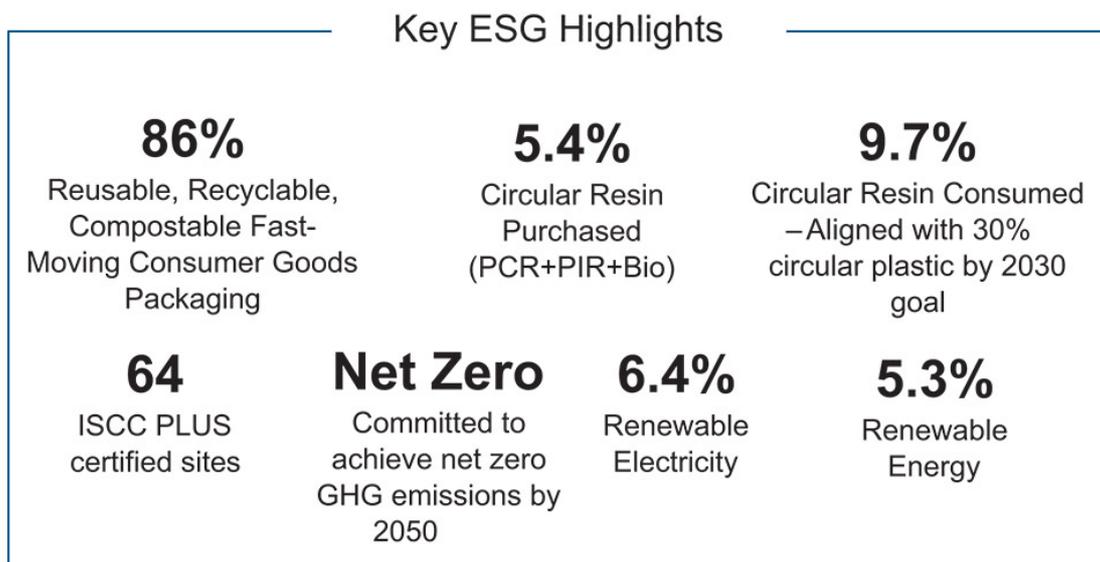

Performance

At Berry Global, we are continuously innovating and investing to work toward the world goal of a net-zero economy. As an industry leader, our efforts to eliminate waste, support investment in recycling infrastructure, increase our use of post-consumer recycled content in our products, reduce greenhouse gas emissions and reduce energy and water consumption demonstrate to our industry what can be achieved by focusing on reducing operational impact.

Partners

We know we can't achieve all of our sustainability goals without help from others. That's why we engage partners, including employees, suppliers, customers, investors and communities on key issues and plans to advance our sustainability goals. Our employees are the heartbeat of our organization. It is through our teams that we are able to innovate, adapt, and ultimately thrive. As a global organization, we are pledging to harness our strengths in diversity and commitment to inclusion. We will help our employees succeed through career development and ensure a safe work environment. We also build partnerships with our customers, suppliers and investors to provide innovative solutions that go beyond the products we make. Finally, we strive to support the communities where we work and serve, and therefore consider them a critical stakeholder to how we operate. Our global footprint enables us to create substantial community impact around the world.

DIRECTOR INDEPENDENCE

Our Board of Directors has determined that all directors and director-nominees, with the exception of Mr. Kwilinski, satisfy the independence standards established by the Securities and Exchange Commission and the rules of the NYSE. Mr. Kwilinski is not considered independent under the listing standards of the NYSE because he is an employee of the Company. In addition, the Board has determined that each member of the Audit & Finance Committee, Compensation & Talent Development Committee, and the Nominating & Governance Committee is independent. In making such determination, the Board reviewed all relationships between the Company and each director.

DIRECTOR NOMINATION PROCESS

When considering individuals to recommend for nomination to the Board of Directors, the Nominating & Governance Committee considers both the requisite skills and characteristics of individual directors, as well as the composition of the Board of Directors as a whole. The Company recognizes the importance of having a Board of Directors comprised of highly talented and experienced individuals as well as the benefits of having a diverse Board of Directors. A truly diverse Board of Directors will include differences in skills, professional, regional and industry experience, age, ethnicity, gender, national origin and other attributes that are essential to its successful operation and achievement of the Company’s objectives. These differences will be considered in determining the optimum composition of the Board of Directors. All director nominations are made on merit, in the context of the skills and competency matrix which the Nominating & Governance Committee shall determine from time to time, reflecting its assessment of the Board of Directors’ current and long-term needs, among others. Additionally, to support periodic refreshment on our Board, our Corporate Governance Guidelines provide that non-executive directors are generally not eligible for re-nomination in the year following the earlier to occur of the point in time when a director has served 15 years on the Board or reached the age of 75.

In support of this goal, the Nominating & Governance Committee will, when identifying candidates to recommend for election to the Board of Directors:

CORPORATE GOVERNANCE

- consider individuals who are highly qualified, based on their talents, experience, and personal skills, character and qualities;
- consider criteria that promotes director diversity, including with regard to gender, race, ethnicity, age, national origin and other attributes;
- consider the level of diversity on the Board of Directors overall, including women and underrepresented groups, when making recommendations for nominees to the Board of Directors and with regard to succession planning for the Board of Directors; and
- as and when required, engage qualified independent external advisors to assist the Board of Directors in conducting its search for candidates that meet the Board of Directors' criteria regarding skills and diversity.

The Nominating & Governance Committee will consider stockholder recommendations for director candidates, which should be submitted in writing to our principal executive offices at 101 Oakley Street, Evansville, IN 47710, in care of our Secretary, or, alternatively, by email to ir@berryglobal.com, along with the name of the candidate and all biographical and other information about the candidate that would be required to be included in a proxy statement under the rules of the Securities and Exchange Commission, a description of the relationship between the candidate and the recommending stockholder, the proposed candidate's consent to serve as a director if elected and proof of the number of shares of our common stock owned by the recommending stockholder and the length of time such stockholder has owned those shares. The Nominating & Governance Committee may request additional information and will then evaluate the proposed candidate based on the criteria described above. These procedures relate only to stockholder recommendations for director candidates to be considered by the Nominating & Governance Committee. Any stockholder who wishes to formally nominate a candidate must follow the procedures set forth in our Bylaws. See "Stockholder Proposals."

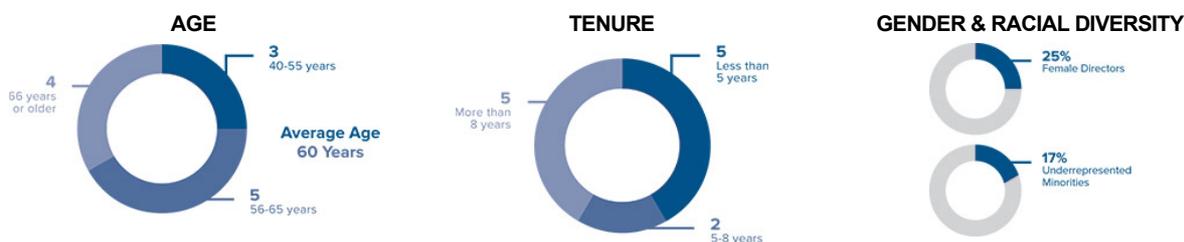

Pursuant to the proxy access provisions of our Bylaws, a holder (or a group of not more than 20 holders) of at least 3% of our outstanding common stock continuously for at least three years is entitled to nominate and include in our proxy materials director nominees constituting up to the greater of two individuals or 20% of our Board of Directors, provided that the nominating holder(s) and the nominee(s) satisfy the requirements specified in our Bylaws, including by providing us with advance notice of the nomination. For more detailed information on how to submit a nominee for inclusion in our proxy materials pursuant to the proxy access provisions, see "Stockholder Proposals — Proxy Access Director Nominees." BOARD LEADERSHIP STRUCTURE

The Board of Directors has historically chosen to combine the positions of Chief Executive Officer and Chairman of the Board so that the same person serves in both roles. However, the Board believes it is important that the Company retain the organizational flexibility to determine whether the roles of Chief Executive Officer and Chairman of the Board are separated or combined, including based on whether it believes the combined role will provide the most effective Company leadership. To that end, in 2023, the Board determined to separate the roles of the Chief Executive Officer and the Chair of the Board and to elect an independent Chair. The Board believes that this current structure, with Mr. Kwilinski serving as both CEO and as a Director and Mr. Sterrett serving as an independent, non-executive Board Chair, is appropriate at this time given Mr. Kwilinski's recent appointment and Mr. Sterrett's extensive experience in key Board roles and leadership experience.

When the Chairman and Chief Executive Officer roles are combined, our Corporate Governance Guidelines require that we have a Lead Independent Director position to complement the Chairman's role, and to serve as the principal liaison between the non-employee directors and the Chairman. Our Corporate Governance Guidelines require that Lead Independent Director be elected annually by the independent, non-employee directors. Consistent with past practice, if those functions are re-combined in the future, the Company would designate a Lead Independent Director at such time.

Should one be appointed, the Lead Independent Director would coordinate the activities of the independent directors and perform such other duties and responsibilities as the Board of Directors may determine. The specific responsibilities of the Lead Independent Director would be as follows:

- Preside at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;
- Call, coordinate, develop the agenda for, chair and moderate meetings of the independent directors;
- Serve as liaison between the Chairman and the independent directors;
- Advise the Chairman as to the quality, quantity, and timeliness of the flow of information from management that is necessary for the independent directors to perform their duties effectively and responsibly;
- Provide the Chairman with input regarding Board meeting agendas and schedules; and
- Assist the Nominating & Governance Committee, the Board and management related to compliance with and implementation of Corporate Governance Guidelines.

BOARD ROLE IN RISK OVERSIGHT

It is the direct responsibility of the Chief Executive Officer and the other members of management to identify, assess, prioritize and manage the Company's enterprise risks and opportunities on a day-to-day basis. The Board of Directors has responsibility for the oversight of risk management on an enterprise-wide basis through regular updates from management and the strategic planning process. The Audit & Finance Committee assists the Board of Directors in fulfilling its oversight responsibilities by reviewing and discussing with management the Company's major risk exposures and the results of an annual corporate-wide enterprise risk assessment, the related corporate guidelines, and procedures for risk assessment and management. The Company's approach to risk management is to identify, prioritize, monitor and appropriately mitigate all material business risks, and take advantage of identified opportunities, in order to support the Company's strategy, including proper financial management and sustainable growth, while protecting and enhancing stockholder value. In addition, the Board of Directors delegates certain risk oversight responsibilities to its committees; for example, the Audit & Finance Committee is responsible for overseeing our material financial and other risk exposures, including risks relating to the financial reporting process and internal controls, as well as risks related to cybersecurity threats, the Company's information technology systems and networks, and related-party transactions; the Compensation & Talent Development Committee is responsible for overseeing risks relating to our compensation programs and succession planning; and the Nominating & Governance Committee is responsible for overseeing corporate governance-related risks.

The Board and its committees oversee the execution of Berry's ESG risk management, strategies and initiatives as an integrated part of their oversight of the Company's overall strategy and risk management. The Board and its committees are actively engaged with management on related topics such as human capital management; diversity,

CORPORATE GOVERNANCE

equity and inclusion; sustainability goals; analysis of alternative pathways to achieve those goals; customer, investor and other stakeholder expectations; the environmental and climate-related impact of our operations and other activities; and the Company's global ethics and compliance program. Specifically, the Compensation & Talent Development Committee has responsibility for the oversight of the Company's "Social" strategy, initiatives and disclosure, and the Nominating & Governance Committee has responsibility for the oversight of the Company's "Environmental" and "Governance" strategies, initiatives and disclosure.

GLOBAL CODE OF BUSINESS ETHICS

Our Global Code of Business Ethics (the "Code of Ethics") is the foundation for our Ethics & Compliance Program. We have a clear expectation that all team members familiarize themselves with the Code of Ethics. Our Code of Ethics provides guidance to team members who confront situations where the right course of action is unclear. Its practicality is shown through red flags, checklists and a decision-making framework. Most importantly, it offers a host of resources that enable team members to seek guidance and Speak Up.

More specifically, the Code of Ethics is designed to, among other things, (i) focus on the Company's core values and culture of ethics and integrity, (ii) be accessible to a global and diverse employee base, (iii) provide clarity on acceptable and unacceptable behaviors and actions, including through the use of practical hypotheticals and (iv) communicate to third parties, including suppliers, customers and the communities where we live and work, our expectations and aspirations.

The Code of Ethics applies to all directors, officers, and employees of the Company and its subsidiaries, including our Chief Executive Officer and senior financial officers, establishing basic standards of business practice and behavior, as well as professional and personal conduct that are expected of all covered persons. The Company's policy is to conduct its business in accordance with the highest ethical, moral, and legal standards, efficiently, in good faith, with

due care, and in the best interests of the Company and its stakeholders. Each Company director, officer, and employee has a primary duty to act at all times to uphold these standards and to act with honesty, integrity and fairness, and without actual or apparent conflict of interest.

We also have adopted a Certification and Supplemental Code of Ethics (the “Supplemental Code”) applicable to our Chief Executive Officer, all Company directors, employees reporting directly to the Chief Executive Officer, executive vice presidents, and regional presidents. The Company believes that the highest level of leaders at the Company have a responsibility to uphold the highest standards of integrity, to avoid even the appearance of impropriety, and to set an example of accountability for all others in the Company.

To codify this responsibility, the Company created the Supplemental Code, which is in addition to the standards set by our Code of Ethics, in order to establish a higher level of expectation for the most senior leaders of the Company. The Supplemental Code sets the expectations as to how our senior leaders conduct themselves in dealings with the Company, customers, suppliers and coworkers and it further defines our commitment to compliance with the Company’s policies, procedures and applicable laws, rules and regulations. Our Code of Ethics and the Supplemental Code can be obtained on our website.

The Company has an active global ethics and compliance program, which includes:

- An Ethics Committee, chaired by our Vice President of Ethics & Compliance, that oversees management’s efforts to foster a culture of ethics and appropriate conduct within the Company. The Committee’s role is one of oversight, recognizing that management is responsible for continuously reinforcing and championing the Company’s sound ethics, responsible conduct and culture of integrity throughout our employee population. The Committee reports to the Audit & Finance Committee on a quarterly basis.
- Regional Ethics Committees that further promote our ethical culture and function as ethics and compliance advocates in many of the regions of the world in which we operate.
- Regular employee ethics and compliance training that sets the right tone, ensures our employees and third-party representatives know what’s expected of them, and helps create a culture of ethics, respect and integrity.
- An ethics and whistleblower hotline that allows our employees and business partners to Speak Up and voice their concerns via phone or web intake in the instances where they may not feel comfortable doing so in person or directly to someone in the Company. We also have a non-retaliation policy to protect those who speak up in good faith.
- A comprehensive set of policies and procedures regarding compliance with applicable laws and regulations and with the Company’s Code of Ethics and Supplier Code of Conduct.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Our Compensation & Talent Development Committee reviews our non-employee director compensation with the assistance of a compensation consultant, Willis Towers Watson. Our Compensation & Talent Development Committee believes, based in part on market data (including surveys of market practices and trends among our peer group, provided by Willis Towers Watson) that a combination of cash and equity-based awards is the most effective and appropriate way to compensate our non-employee directors. For fiscal 2023, non-employee directors earned cash compensation of \$26,250 per quarter, plus \$20,000 annually for serving as Chair of a Board committee and \$35,000 annually for serving as Lead Independent Director. In addition, each non-employee director receives an annual equity award with a target grant date value determined annually. Such equity awards generally vest on the first anniversary of the grant date. Mr. Salmon received no additional compensation for his services as a director of the Company. For fiscal 2023, non-employee directors earned fees and equity awards as shown in the following table. No material changes were made to our non-employee director compensation program for fiscal 2023.

TRANSACTIONS WITH RELATED PERSONS

Our Board of Directors has adopted a written policy for the review and approval or ratification of any transaction with any related party where the aggregate amount involved is expected to exceed \$120,000 and in which any related party had, has or will have a direct or indirect material interest, with the exception of: (i) certain transactions involving another company in which the related party's only relationship is as a non-executive employee, director or less-than-10% equity owner or limited partner and (ii) certain additional exceptions. Under the policy, the Audit & Finance Committee shall review such related-party transactions and may approve or ratify them only if it is determined that they are fair as to, and not inconsistent with the best interests of, the Company, considering all relevant facts and circumstances. When reviewing a related-party transaction, the Audit & Finance Committee may take into consideration all of the relevant facts and circumstances available to it, including, to the extent relevant and feasibly provided: (a) the material terms and conditions of the transaction; (b) the related party's relationship to the Company; (c) the related party's interest in the transaction; (d) the approximate dollar value of the transaction and of the related party's interest in the transaction; (e) the aggregate amount of all payments or installments to be made, in the case of a transaction providing for periodic payments or installments; (f) the aggregate amount of principal to be outstanding and interest rate payable, in the case of indebtedness; and (g) any other material information.

The policy requires any officer, director or employee of the Company or its subsidiaries who becomes aware of a potential related-party transaction to notify the Chief Financial Officer or an Executive Vice President of the Company, who shall then review the proposed transaction and, if it is expected to fall within the policy, present it to the Audit & Finance Committee for review. Under the policy, the Audit & Finance Committee must approve any related-party transaction by the affirmative vote of a majority of its disinterested members. If advance approval is not feasible, then the Audit & Finance Committee must ratify the related-party transaction at its next regularly scheduled meeting or the transaction must be rescinded. In addition, the Chair of the Audit & Finance Committee may pre-approve or ratify any related-party transaction in which the aggregate amount involved is reasonably expected to be less than \$100,000.

Certain of the Company's employees who invested in the Company, including the Chief Executive Officer, Chief Financial Officer, and President — Health, Hygiene and Specialties Division, entered into a stockholders agreement

with the Company's equity sponsors that was amended and restated upon completion of the Company's initial public offering in October 2012 and most recently in January 2015 (the "Fourth Stockholders Agreement"). The Fourth Stockholders Agreement provides, among other things, for certain restrictions on the transferability of the equity ownership of the Company of each employee and certain other stockholders that are parties thereto, piggyback registration rights and repurchase rights by the Company in certain circumstances.

Other than as described above, the Company has not entered into any related-party transactions required to be disclosed under Securities and Exchange Commission rules and regulations since the beginning of fiscal 2023.

REPORT OF THE AUDIT & FINANCE COMMITTEE

The following Report of the Audit & Finance Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference and shall not otherwise be deemed filed under such Acts.

The Audit & Finance Committee is a separately-designated, standing committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. It is composed of five directors, each of whom the Board of Directors has determined is an “independent director” as defined by NYSE listing standards. The Audit & Finance Committee’s responsibilities are set forth in its written charter approved by the Board of Directors. The Board has also determined that the members of the Audit & Finance Committee meet the financial literacy requirements of NYSE listing standards.

Management is responsible for the Company’s financial reporting process, including systems of internal control over financial reporting. The independent registered public accountants are responsible for performing an independent audit of the Company’s consolidated financial statements and the effectiveness of the Company’s internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board, and to issue a report thereon. The Audit & Finance Committee’s responsibility is to engage the independent auditor and otherwise to monitor and oversee these processes.

For the fiscal year ended September 30, 2023, the Audit & Finance Committee engaged Ernst & Young LLP to serve as the Company’s independent auditor.

The Audit & Finance Committee has met and held discussions with management and Ernst & Young LLP. The Audit & Finance Committee reviewed and discussed the financial statements for fiscal 2023 with management and with Ernst & Young LLP. Management represented to the Audit & Finance Committee that the Company’s consolidated financial statements as of and for the fiscal year ended September 30, 2023 were prepared in accordance with generally accepted accounting principles. Ernst & Young LLP audited the Company’s consolidated financial statements as of and for the fiscal year ended September 30, 2023 and the effectiveness of the Company’s internal control over financial reporting as of September 30, 2023 and has issued a report thereon. The Audit & Finance Committee discussed with the independent registered public accountants matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board.

The Audit & Finance Committee has received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young’s communications with the Audit & Finance Committee concerning independence, and the Audit & Finance Committee has discussed with the independent registered public accountants that firm’s independence. In addition, the Audit & Finance Committee approves in advance all services performed by the Company’s independent auditor. The Audit & Finance Committee determined that Ernst & Young’s provision of non-audit services to the Company as described in “Matters Relating to Independent Registered Public Accountants” is compatible with maintaining that firm’s independence.

Based on these discussions and reviews, the Audit & Finance Committee determined that the audited financial statements for the Company’s last fiscal year should be included in our Company’s Form 10-K and made a formal recommendation to the Board of Directors to that effect.

Members of the Audit & Finance Committee at the time of the filing of the Form 10-K who approved this report:

Fiscal 2023 Compensation Overview

Our executive compensation program is comprised of (i) base salary, (ii) short-term annual performance-based cash incentives (annual STI), and (iii) long-term equity and equity-based incentives. The highlights of our fiscal 2023 compensation program are as follows:

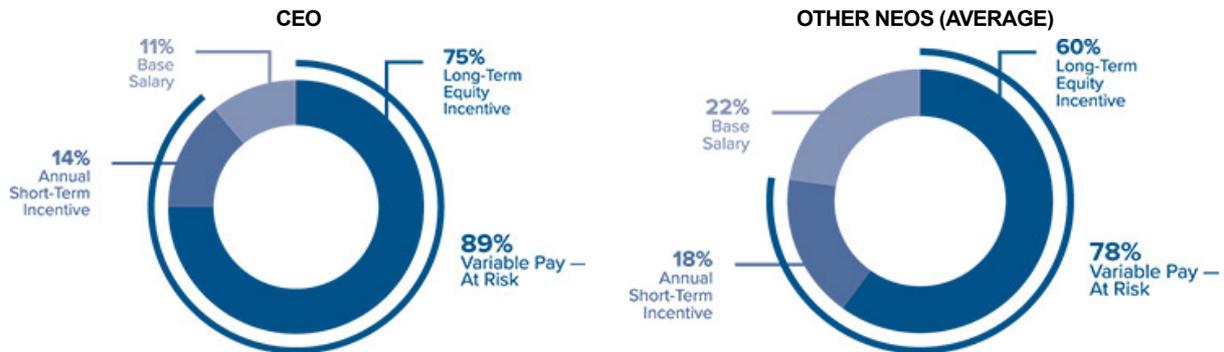

- Fiscal 2023 base salaries for our executive officers remained at the fiscal 2022 salaries, with limited adjustments based on performance and changes in position or responsibility.
- The short-term annual performance-based cash incentive is comprised of three components that are tied directly to the performance of the Company:
 - an Adjusted EBITDA target (70% of the target award),
 - a free cash flow target (20% of the target award), and
 - a Greenhouse Gas emissions reduction target (10% of the target award).
- Based on our actual results for the fiscal year ended September 30, 2023, Adjusted EBITDA performance came in at 100% of the target, and free cash flow came in at 180% of the target, which resulted in a total annual STI payout to our Named Executive Officers equal to 106% of target STI for fiscal 2023. Greenhouse Gas emissions reduction is estimated to be achieved at 200% of the target, which would result in a total annual STI payout to our Named Executive Officers equal to 126% of target STI for fiscal 2023. The achievement of the Greenhouse Gas emissions reduction component of our target STI remains subject to a final audit, which is expected to be completed in the first half of calendar 2024, at which time the portion of STI attributable to the Greenhouse Gas emissions reduction will be paid to participants.
- In fiscal 2023, we granted: (i) stock options with respect to approximately 1.3 million shares in the aggregate to non-employee directors, employees and officers, including our Named Executive Officers, and (ii) restricted stock units with respect to approximately 400 thousand shares in the aggregate to non-employee directors, employees and officers, excluding our executive officers and Named Executive Officers.
- In fiscal 2023, we also granted performance-based restricted stock units with a target value equivalent to approximately 200 thousand shares, which will be settled only in cash, to Company executive officers, including

EXECUTIVE COMPENSATION

performance-based restricted stock units with a target value equivalent to approximately 140 thousand shares to our Named Executive Officers.

- In fiscal 2023 the annual equity and equity-based awards to our executive officers consisted of 40% stock options and 60% performance-based restricted stock units, each of which are subject to the terms and conditions discussed below.

The pie charts below show the mix of CEO and aggregate other Named Executive Officer (NEO) compensation by type and form at target for fiscal 2023:

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Discussion and Analysis identifies and describes the basic principles, philosophies and rationale underlying our compensation decisions and programs as well as the key elements of compensation for our Named Executive Officers identified in our Summary Compensation Table below. The Compensation & Talent Development Committee made all final compensation decisions for our Chief Executive Officer and all executive officers, including each of our Named Executive Officers identified in our Summary Compensation Table below, for the 2023 fiscal year. For fiscal 2023, our Named Executive Officers identified in the Summary Compensation Table include our current Chief Executive Officer, Chief Financial Officer, and the next three highest compensated executive officers serving as such at fiscal year-end. Below is a discussion of the principles outlining our executive compensation program.

Our goal as an employer is to ensure that our pay practices are equitable as compared to market practice, facilitate appropriate retention, and reward exceptional performance. We have periodically conducted studies to better understand compensation programs of other manufacturing companies similar in size to the Company. Our studies have reviewed base salary, short-term incentives, and long-term equity awards, and based on such studies, we believe that our overall compensation levels are competitive with other comparable companies.

The Company believes that executive compensation should be designed to align closely the interests of its executive officers and stockholders and to attract, motivate, reward and retain superior management talent. The Company utilizes the following guidelines pertaining to executive compensation:

- pay compensation that is competitive with the practices of other manufacturing businesses that are similar in size to the Company;
- provide wage enhancements aligned with the performance of the Company; and
- pay for performance by:
 - setting performance goals determined (i) by the Compensation & Talent Development Committee for our Chief Executive Officer and (ii) by our Chief Executive Officer and the Compensation & Talent Development Committee for other executive officers;
 - providing a short-term annual performance-based cash incentive opportunity through a bonus plan that is based upon achievement of these performance goals; and

- providing long-term incentive opportunities in the form of equity and equity-based awards in order to retain those individuals with the leadership abilities necessary for increasing long-term stockholder value while aligning their interests with the interests of our stockholders.

Role of Compensation & Talent Development Committee

The Compensation & Talent Development Committee's specific roles are to:

- approve all compensation plans for the Chief Executive Officer of the Company and all other executive officers;
- recommend to our Board of Directors all compensation plans for our Board of Directors;
- approve the short-term compensation of the executive officers and recommend short-term compensation for members of our Board of Directors;
- approve and authorize grants under the Company's incentive plans, including all equity plans and long-term incentive plans;
- lead the Board of Directors in its annual review of the executive officers' performance; and
- prepare the report on executive compensation required by Securities and Exchange Commission rules and regulations for inclusion in our annual Proxy Statement.

Role of Compensation Consultant

In 2014 the Compensation & Talent Development Committee engaged Towers Watson (now known as Willis Towers Watson) to help design the Berry Global Group, Inc. 2015 Long-Term Incentive Plan (as may be amended, restated, amended and restated, supplemented, or otherwise modified from time to time, the "2015 Plan") and provide advice regarding the number of shares to be reserved thereunder. Willis Towers Watson's assistance in designing the 2015 Plan included reviewing the Company's outstanding stock option grants, providing detail on market-competitive plan design features, collecting and reporting on market-competitive rates on share overhang, annual burn rate, share value transfer rates and equity vehicles used, and developing a final report based on management's feedback and presenting such report to the Compensation & Talent Development Committee for review and approval.

For fiscal 2023, the Company utilized Willis Towers Watson to provide market-based salary and long-term incentive analyses and survey data for the executive leadership team. As a result of this review, the Compensation & Talent Development Committee approved fiscal 2023 equity grants for executive officers that were comprised of 40% stock options and 60% performance-based restricted stock units.

For FY2023 executive compensation planning, our peer group consists of the following companies:

• Amcor plc	• International Paper Company
• AptarGroup, Inc.	• Packaging Corporation of America
• Avery Dennison Corporation	• Sealed Air Corporation
• Ball Corporation	• Silgan Holdings Inc.
• Conagra Brands, Inc.	• Sonoco Products Company
• Crown Holdings, Inc.	• Westlake Corporation
• Eastman Chemical Company	• WestRock Company
• Graphic Packaging Holding Company	

The Company reviewed potential peers from the packaging and specialty materials industries, taking into account global presence, revenues, enterprise value and market cap. The analysis and changes made were also reviewed with Willis Towers Watson. This peer group of companies had median revenue of \$9.5 billion and median market capitalization of \$10.7 billion based on the most recent publicly available data as of September 30, 2023. The Company's revenue and market capitalization at the end of fiscal 2023 was \$12.7 billion and \$7.1 billion respectively.

Role of Executive Officers

The performance goals of each of our executive officers are reviewed annually. This information, along with the performance of the Company and market data, determines the wage adjustment recommendation presented to the

EXECUTIVE COMPENSATION

Compensation & Talent Development Committee. All other compensation recommendations with respect to our executive officers are made by the Chief Executive Officer pursuant to policies established in consultation with the Compensation & Talent Development Committee and recommendations from our Human Resources Department.

The Compensation & Talent Development Committee evaluates the performance of the Chief Executive Officer and determines the Chief Executive Officer's compensation in light of the goals and objectives of the compensation program. The Compensation & Talent Development Committee reviews, on at least an annual basis, the performance of the Chief Executive Officer as compared to the achievement of the Company's goals and any individual goals. The Chief Executive Officer, together with the Human Resources Department, reviews annually the performance of each executive officer as compared with the achievement of the Company or operating division goals, as the case may be, together with each executive's individual goals and makes compensation recommendations to the Compensation & Talent Development Committee. The Compensation & Talent Development Committee can exercise its discretion in modifying any recommended adjustments or awards to the executives. Both performance and compensation are evaluated to help the Company attract and retain high quality executives in vital positions and that their compensation, taken as a whole, is competitive and appropriate compared to that of similarly situated executives in other corporations within the Company's industry.

Role of Stockholder Say-on-Pay Votes

At the Company's February 15, 2023 annual meeting of stockholders, approximately 96% of the votes cast were voted in favor of the say-on-pay proposal. The Compensation & Talent Development Committee considered these results and believes the voting results reflect strong stockholder support for the Company's approach to executive compensation. The Compensation & Talent Development Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the Named Executive Officers (as defined in Executive Compensation — Summary Compensation Table).

Executive Compensation Program

The fiscal 2023 compensation of our executive officers was generally classified into the following three categories:

- (1) base salary,
- (2) short-term annual performance-based cash incentive under our Executive Bonus Plan, and
- (3) long-term equity and equity-based awards in the form of Company stock options and performance-based restricted stock units, the latter of which will be settled only in cash.

The Company has selected these elements because each is considered useful and/or necessary to meet one or more of the principal objectives of the Company's business. Base salary and annual STI targets are set with the goal of motivating our Named Executive Officers and adequately compensating and rewarding them on a day-to-day basis for the time spent and the services they perform. Our long-term incentive programs are geared toward providing an incentive and reward for the achievement of long-term business objectives, retaining key talent and more closely aligning the interests of management with those of our stockholders.

The compensation program for our Named Executive Officers is reviewed on an annual basis. In setting individual compensation levels for a particular executive, the total compensation package is considered, along with the executive's past and expected future contributions to our business.

Base Salary

Our executive officers' base salaries depend on their position within the Company, the scope of their responsibilities, the period during which they have been performing those responsibilities and their overall performance. Base salaries are reviewed annually and are generally adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. No Fiscal 2023 base salary adjustments were made for our executive officers.

Short-Term Annual Performance-Based Cash Incentive

The Company has a long history of sharing profits with employees. This philosophy is embedded in our corporate culture and is one of many practices that has enabled the Company to continually focus on improvement and be successful.

The Berry Global Group, Inc. Executive Bonus Plan is intended to provide an incentive for superior work and to motivate covered key executives toward even greater achievement and business results, to tie their goals and interests to those of the Company and our stockholders and to enable us to attract and retain highly qualified executives.

The Executive Bonus Plan is administered by our Compensation & Talent Development Committee. Under the Executive Bonus Plan, we may pay short-term incentives (including, without limitation, discretionary bonuses) to covered key executives, including our Named Executive Officers, based upon such terms and conditions as our Compensation & Talent Development Committee may in its discretion determine.

Our Compensation & Talent Development Committee approved fiscal year 2023 target values of awards and awards paid under the Executive Bonus Plan. Depending on our overall business performance, which for fiscal year 2023 was specifically related to our attainment of Adjusted EBITDA, free cash flow and Greenhouse Gas emissions reductions targets, each Named Executive Officer, other than the Chief Executive Officer, was eligible to receive a short-term incentive award, or STI, under the Executive Bonus Plan ranging from zero to 160% of his or her annual base salary, with 80% being the STI target. Our Chief Executive Officer was eligible to receive a short-term incentive award under the Executive Bonus Plan ranging from zero to 250% of his annual base salary, with 125% being the STI target. These targets were subject to change at the discretion of the Compensation & Talent Development Committee. Performance objectives are generally set on an annual basis. The applicable performance period was the 2023 fiscal year.

For fiscal year 2023 awards under the Executive Bonus Plan, 70% of the target value of the award was based on attaining 100% of the applicable annual Adjusted EBITDA target, 20% was based on attaining 100% of the free cash flow target, and 10% was based on attaining 100% of the Greenhouse Gas emissions reduction target.

The pro forma contribution from acquisitions is excluded from Adjusted EBITDA for purposes of determining Executive Bonus Plan payouts as the activity is prior to Berry ownership. Similarly, unrealized cost savings are not included in determining achievement of Adjusted EBITDA except to the extent expressly approved by the Compensation & Talent Development Committee. Adjusted EBITDA is a supplemental financial measure that is not required by, or presented in accordance with GAAP, and should not be considered as an alternative to net income or operating income presented in accordance with GAAP. We define Adjusted EBITDA for Executive Bonus Plan purposes as Operating EBITDA adjusted for unrealized cost synergies approved by the Compensation & Talent Development Committee. We define Operating EBITDA as net income before depreciation and amortization, income tax expense, interest expense (net), and certain non-recurring or non-cash charges, which are more particularly described in our debt documents. We define free cash flow for Executive Bonus Plan purposes as cash flow from operating activities less net additions to property, plant and equipment.

Fiscal year 2023 STI payments under the Executive Bonus Plan are directly tied to the performance of the Company. Upon approval by our Compensation & Talent Development Committee, such payments are generally made, to the extent earned, on an annual basis on a date determined by the Compensation & Talent Development Committee.

The target performance levels and actual performance achieved under our Executive Bonus Plan for fiscal 2023 are set forth below:

(\$ in millions)		Target STI (% of Base Salary)	Adjusted EBITDA Factor (70%) Achieved	Free Cash Flow Factor (20%) Achieved	Greenhouse Gas Emission Factor (10%) Achieved ⁽¹⁾	STI Achieved (% of Target STI)
CEO	FY2023	125%	100%	180%	200%	126%
Other NEOs	FY2023	80%	100%	180%	200%	126%

(1) Estimated. The achievement of the Greenhouse Gas emissions reduction component of our target STI remains subject to a final audit, which is expected to be completed in the first half of calendar 2024, at which time the portion of STI attributable to the Greenhouse Gas emissions reduction will be paid to participants.

Equity and Equity-Based Compensation Plans

In order to more closely align the interests of its executive officers and stockholders, the Compensation & Talent Development Committee determined that for fiscal 2023 the annual equity awards to our executive officers would consist of 40% stock options and 60% performance-based restricted stock units ("PSUs"), the latter of which are valued in part on the performance of our stock but will be settled in cash. The stock options vest over a four-year period

EXECUTIVE COMPENSATION

and the PSUs vest, based on the achievement of performance criteria (relative TSR and ROCE targets, each with a 50% weighting factor), at the end of the applicable three-year performance period.

The Company historically grants equity and equity-based awards, if any, shortly following the announcement of our fiscal year end results based on a consistent value determined as a multiple of base salary, with limited performance-based exceptions. The fiscal 2023 target award opportunity for the Named Executive Officers was allocated between PSUs and options as noted above, and the target award opportunity allocated to each type of award was converted into a target number of units using the closing price of Berry's common stock on the grant date.

In fiscal 2023, we granted (i) stock options with respect to approximately 1.3 million shares in the aggregate to non-employee directors, employees and officers, including our Named Executive Officers, (ii) restricted stock units with respect to approximately 400 thousand shares in the aggregate to non-employee directors, employees and officers, excluding our executive officers and Named Executive Officers, and (iii) PSUs payable in cash, with an aggregate target value equivalent to approximately 200 thousand shares to executive officers, including an aggregate target value equivalent to approximately 140 thousand shares to our Named Executive Officers, as set forth in the Grants of Plan-Based Awards table below.

The Compensation & Talent Development Committee is not prohibited from granting awards at times when it is in possession of material nonpublic information. However, no material nonpublic information was taken into account in determining the number of equity and equity-based awards granted or the exercise price for stock options, and we did not "time" the release of any material nonpublic information to affect the value of those awards.

Options

Stock options encourage retention through the vesting period and incentivize performance since the options only have value to the extent the market value of our stock increases.

The exercise price for stock options is the fair market value of our common stock on the date of grant. The fair market value of a share of our common stock is determined for this purpose by reference to the public trading price of a share of our common stock on the date of grant of the option (e.g., using a weighted average or closing price).

The options granted in fiscal 2023 vest and become exercisable over a four-year period. Unless set forth otherwise in the applicable award agreement, time-based options generally vest in 25% increments on each of the first four (4) anniversaries of the grant date. In each case, the vesting of options is generally subject to the grantee's continued employment at the Company or at one of its subsidiaries as of the applicable vesting date (subject to certain exceptions, as described below); provided, that award agreements generally provide that options will vest pro rata, on a monthly basis, if a grantee's employment is involuntarily terminated without cause after the first anniversary of the grant date.

The maximum term of options granted is ten (10) years. Subject to certain exceptions set forth in the applicable stock option award agreement, unvested options are automatically forfeited upon termination. The outstanding stock options provide (i) accelerated vesting of all unvested options upon an employee's death or permanent disability and (ii) in the event of an employee's qualified retirement, continuation of the normal vesting period applicable to the retiree's unvested options, as well as an extension of the exercise period to the end of the original ten-year term of the retiree's vested options.

With respect to equity and equity-based awards granted under the 2015 Plan, no award will vest or become payable *solely* as a result of a change in control, unless otherwise provided in an award agreement or award program, and we have not granted any awards under the 2015 Plan that would vest or become payable *solely* as a result of a change in control. On July 20, 2016, the Company amended outstanding stock options in order to further implement market-based compensation practices in line with compensation practices of similarly situated, publicly-traded companies as presented by Willis Towers Watson and other publicly available compensation studies. Each outstanding option was amended to provide for full vesting and exercisability of stock options following any termination of employment without "cause" and not due to "disability" (both, as defined in the applicable award agreement) or any resignation for "good reason," if applicable (as defined in the recipient's employment agreement) within the two years following a "change in control." In that case, the options will also continue to be exercisable for the

remaining term of the applicable award. Any change in control rights in the applicable awards prior to giving effect to these amendments were preserved to the extent they could apply more than two years following a change in control.

Stock options also provide that an additional forty percent (40%) of the shares underlying the stock option shall vest and become exercisable (not to exceed one hundred percent (100%) vested) following any involuntary termination of employment without “cause (as defined in the award agreement) or any resignation for “good reason,” if applicable (as defined in the recipient’s employment agreement), more than two years after a change in control.

The 2015 Plan contains a definition of “change in control,” although the plan committee may provide a different definition in an award agreement or award program. “Change in control” under the 2015 Plan is generally: (1) the acquisition by a person or group, together with stock the person or group already holds, of 50% or more of the combined voting power of the then outstanding voting securities of the Company, (2) the replacement of a majority of the members of the Board of Directors in a twelve-month period by directors whose appointment or election is not endorsed by at least two-thirds of the incumbent members of the Board of Directors (including those endorsed by at least two-thirds of the incumbent directors, but excluding any director who assumes office in connection with an actual or threatened proxy contest), (3) a reorganization, merger, share exchange, combination or consolidation that results in stockholders of the Company prior to such transaction owning 50% or less of the combined voting power of the resulting company immediately after the transaction, or (4) the sale, transfer or assignment of all or substantially all of the assets of the Company to any third party. However, solely for awards which are subject to Internal Revenue Code (“IRC”) Section 409A and provide for payment on a change in control, “change in control” means an a “change in control event” under IRC Section 409A unless otherwise provided in the award.

Performance-Based Restricted Stock Units

The value of each PSU is based on the value of one share of Berry common stock. The Compensation & Talent Development Committee assumes each executive will earn 100% of the PSUs awarded for purposes of determining the total compensation opportunity.

Unless set forth otherwise in the applicable award agreement, performance-based restricted stock units vest, based on the achievement of performance criteria (relative TSR and ROCE targets, each with a 50% weighting factor), at the end of the applicable three-year performance period. The Compensation & Talent Development Committee believes that a three-year performance cycle is appropriate for the PSU awards because a multi-year performance cycle enables the Committee to meaningfully evaluate the execution of long-term strategies and the effect on shareholder value.

The number of PSUs actually earned and paid is determined based upon Berry’s achievement of pre-established performance targets over the three-year performance cycle, and the ultimate value of each PSU is based on the average of the closing prices of Berry’s common stock over the thirty-day period ending on the last day of the performance period. Because the value of PSUs is linked to both stock price and performance targets, PSUs provide a strong incentive to executives to deliver value to Berry’s shareholders.

PSUs provide a retention incentive by requiring the executive to remain employed with Berry through the end of the applicable performance period. Notwithstanding the foregoing, if a grantee’s employment is involuntarily terminated without “cause” (as defined in the award agreement), PSU award agreements generally provide that the service condition shall be deemed satisfied with respect to a pro-rated number of PSUs based on the number of months of the performance period completed at the time of termination. In addition, outstanding PSU awards provide full satisfaction of the service condition upon an employee’s death, permanent disability or qualified retirement. Any vested PSUs are, in all events, settled shortly following the last day of the performance period.

PSU awards provide that the service condition is deemed met following any involuntary termination of employment without “cause” (as defined in the award agreement) or any resignation for “good reason,” if applicable (as defined in the recipient’s employment agreement) within the two years following a change in control. PSU awards also provide that upon an involuntary termination of employment more than two years after a change in control, an additional forty percent (40%) of the service condition is deemed met (not to exceed one hundred percent (100%)). Any vested PSUs are, in all events, settled shortly following the last day of the Performance Period.

For PSU awards granted in fiscal 2023, the payout of the awards is based on the Company achieving the performance criteria (relative TSR and ROCE targets, each with a 50% weighting factor), at the end of the three-year performance period commencing on October 2, 2022, as shown in the table below:

EXECUTIVE COMPENSATION

Metric Weighting		Relative TSR vs. Peer Group

Compensation Programs and Risk Management

We have determined that any risks arising from our compensation programs and policies are not reasonably likely to have a material adverse effect on the Company. Our compensation programs and policies mitigate risk by combining performance-based, long-term compensation elements with payouts that are highly correlated to the value delivered to the Company and its stockholders. The combination of performance measures applicable to annual STI awards and equity and equity-based compensation awards granted to our executive officers and the multi-year vesting schedules applicable to equity and equity-based awards granted to our executives encourage our executives to maintain both a short-term and long-term view with respect to Company performance.

Post-Employment Compensation

We provide post-employment compensation to our employees, including termination rights and benefits pursuant to employment agreements with our Named Executive Officers, as a continuation of our historical practices. The Compensation & Talent Development Committee believes that offering such compensation allows us to attract and retain qualified employees and executives in a highly competitive marketplace and rewards our employees and executives for their contribution to the Company during their employment.

Effective on October 2, 2023, Mr. Salmon retired from his roles as Chairman and Chief Executive Officer but remained with the Company through December 31, 2023 in an advisory capacity to ensure a smooth transition (the "Transition Period"). In connection with his advisory role, the Company approved certain compensation changes for Mr. Salmon. Specifically, during the Transition Period, Mr. Salmon was eligible to receive, among other benefits: (i) a prorated salary based on his annual base salary for fiscal 2023; (ii) a target annual bonus for fiscal 2023, equal to 125% of his annual base salary, in accordance with the terms and conditions of the annual bonus plan and subject to approval of the Board; (iii) a prorated target annual bonus for fiscal 2024, equal to 125% of his annual base salary for fiscal 2024, in accordance with the terms and conditions of the annual bonus plan and subject to approval of the Board; (iv) benefits under employee benefit plans maintained by the Company that are generally available to senior executives as well as customary reimbursement for expenses incurred in the performance of his advisory duties; (v) personal use of the Company's aircraft in accordance with Company policy; (vi) reimbursement for tax preparation for the 2023 and 2024 calendar tax years in accordance with Company policy; and (vii) a Company-paid physical examination for calendar year 2024.

A principal component of our post-employment compensation program is a qualified defined contribution 401(k) plan, which applies to all of our U.S. employees generally. Under the 401(k) plan, the Company awards a \$200 lump sum contribution annually for participating in the plan and the Company matches fifty percent (50%) of the applicable participant's 401(k) plan elective deferrals (not to exceed six percent (6%) of base compensation) made during the plan year.

Perquisites and Other Personal Benefits

The Compensation & Talent Development Committee periodically reviews the perquisites provided to our executive officers to ensure that they are reasonable, competitive and consistent with the overall compensation program. Such perquisites include for certain of our executive officers (as set forth in more detail in the Summary Compensation Table below and accompanying footnotes) use of a Company-provided car or car allowance, availability of an annual executive physical, and, for our Chief Executive Officer financial planning, tax return preparation and personal use of the Company's corporate aircraft.

Deferred Compensation Plan

In late fiscal 2021 we adopted a Non-qualified Deferred Compensation Plan that permits U.S.-based Named Executive Officers to elect to defer a portion of their base salary and STI payments under the Executive Bonus Plan. The Compensation & Talent Development Committee believes that this plan is appropriate because executives are limited in the amount that they can save for retirement under the 401(k) plan due to IRS limits applicable to tax-qualified retirement plans. Eligible participants may: (i) defer up to 75% of their base salary; (ii) defer up to 90% of their annual STI payments, and (iii) receive a Company matching contribution equal to 50% of up to 6% of base salary and STI payments deferred above the IRS 401(k) compensation limit. All deferred amounts are payable in cash.

Compensation Recovery Policy

On November 1, 2023, the Board adopted a Compensation Recovery Policy. The Compensation Recovery Policy, adopted in compliance with Exchange Act Rule 10D and the corresponding NYSE listing standards, applies to current and certain former executive officers of the Company. In the event the Company is required to restate its financial statements as a result of events described in the New York Stock Exchange listing standards effective October 2, 2023, the Compensation & Talent Development Committee is authorized to recover (clawback) incentive compensation awarded to a covered executive in accordance with its Compensation Recovery Policy. This recovery policy reflects the Company's culture that emphasizes integrity and accountability and that reinforces the Company's pay-for-performance compensation philosophy.

Anti-Hedging Policy

Berry policy prohibits directors, executive officers and key employees from engaging in publicly traded options and hedging transactions with regard to Berry securities, including the pledging of shares of Berry stock to secure personal loans.

Section 162(m) of the Internal Revenue Code

IRC Section 162(m) places a \$1 million limit on the amount of compensation a public company can deduct in any one year for certain specified executive officers, except for qualifying performance-based compensation for tax years which began on or before December 31, 2017. While the Compensation & Talent Development Committee has historically considered the deductibility of awards as one factor in determining executive compensation, the Compensation & Talent Development Committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible for tax purposes.

The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Despite our efforts in the past to structure annual cash incentives in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will be exempt. Further, the Compensation & Talent Development Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m), if it determines that such modifications are consistent with our business needs.

PSU values assume target performance level achievement. See the Grants of Plan-Based Awards table on page 42 for more information on awards granted in fiscal 2023. If the maximum payout is earned, the number of PSUs paid out would have amounted to the following grant date fair values for the awards shown in 2023: Mr. Salmon — \$10,334,002, Mr. Miles — \$2,870,466, Mr. Begle — \$1,865,952, Mr. Galvez — \$1,865,952, and Mr. Greene — \$2,152,918.

(5) Includes costs incurred by the Company for the executive’s personal use of a Company-provided vehicle and for benefits provided pursuant to the Company’s International Assignment Policy as a result of Mr. Galvez’s foreign work assignments (aggregate value of such benefits estimated to be \$93,112 in fiscal 2021, \$97,032 in fiscal 2022 and \$20,971 in fiscal 2023). These benefits primarily include health and welfare plans and a housing allowance of \$75,643 in fiscal 2021, \$78,742 in fiscal 2022 and \$20,971 in fiscal 2023. The International Assignment Policy facilitates the assignment of employees to positions outside their home country by minimizing any financial detriment or gain to the employee from the international assignment.

EMPLOYMENT AGREEMENTS: POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Mr. Salmon

On January 31, 2017, the Company and Mr. Salmon entered into an employment agreement associated with his appointment as Chief Executive Officer, which became effective February 3, 2017. The agreement replaces his prior employment agreement, which was last amended July 20, 2016. The initial term of the agreement is five years, which shall automatically renew for successive one-year periods unless written notice of an intent not to renew is provided by either party at least 90 days prior to the expiration of the initial or any subsequent term. Mr. Salmon's annual base salary under the agreement is subject to annual adjustment at the discretion of the Compensation & Talent Development Committee. Among other things, the agreement generally entitles Mr. Salmon to participate in all employee benefit plans maintained by the Company which are generally available to senior executives and provides that Mr. Salmon shall be eligible for an annual performance-based short-term incentive award determined based on a target percentage specified by the Compensation & Talent Development Committee of his then-current annual base salary. The agreement also provides that Mr. Salmon is entitled to personal use of the Company's aircraft in accordance with Company policy. The agreement includes customary clawback, noncompetition, nondisclosure and nonsolicitation provisions. If Mr. Salmon is terminated by the Company without "cause" or if he resigns for "good reason," (as defined in the agreement) in either case subject to his execution of a release of claims and compliance with the restrictive covenants set forth in his agreement, he is entitled to: (1) cash severance equal to 18 months' base salary (unless such termination occurs within two years following a "change in control," (as defined in the agreement) in which case the cash severance amount is equal to the sum of 18 months' base salary and 1.5 times Mr. Salmon's then-current target annual STI award), payable in bi-monthly installments, (2) a prorated STI award based on actual performance for the year in which termination occurs and the relative period of such year during which Mr. Salmon was employed, payable within the first two and one-half months of the year following the year in which termination occurs, and (3) for a period of up to 18 months, a monthly amount equal to the amount by which the monthly COBRA continuation coverage premium exceeds the monthly premium an active employee would pay for the same coverage under the Company's group medical plans; provided, that if Mr. Salmon becomes reemployed with another employer and is eligible to receive medical benefits under that employer's group medical plans, such monthly payments shall cease for any period of time during which he remains eligible for coverage under his new employer's group medical plans.

Effective on October 2, 2023, Mr. Salmon retired from his roles as Chairman and Chief Executive Officer but remained with the Company through December 31, 2023 in an advisory capacity to ensure a smooth transition (the "Transition Period"). In connection with his advisory role, the Company approved certain compensation changes for Mr. Salmon. Specifically, during the Transition Period, Mr. Salmon was eligible to receive, among other benefits: (i) a prorated salary based on his annual base salary for fiscal 2023; (ii) a target annual bonus for fiscal 2023, equal to 125% of his annual base salary, in accordance with the terms and conditions of the annual bonus plan and subject to approval of the Board; (iii) a prorated target annual bonus for fiscal 2024, equal to 125% of his annual base salary for fiscal 2024, in accordance with the terms and conditions of the annual bonus plan and subject to approval of the Board; (iv) benefits under employee benefit plans maintained by the Company that are generally available to senior executives as well as customary reimbursement for expenses incurred in the performance of his advisory duties; (v) personal use of the Company's aircraft in accordance with Company policy; (vi) reimbursement for tax preparation for the 2023 and 2024 calendar tax years in accordance with Company policy; and (vii) a Company-paid physical examination for calendar year 2024.

Messrs. Miles, Begle and Greene

Messrs. Miles, Begle, and Greene are party to agreements that remain in effect unless terminated according to the agreements' terms. Salaries are subject in each case to annual adjustment at the discretion of the Company. The employment agreements generally entitle each executive to participate in all employee benefit plans maintained by the Company which are generally available to senior executives. The employment agreements also include customary noncompetition, nondisclosure and non-solicitation provisions. The Company may terminate the employment agreements for "cause" or due to a "disability" (as such terms are defined in the agreements). If Messrs. Miles or Begle are terminated by the Company without "cause" (as such term is defined in their respective agreements), each executive is entitled to: (1) a pro rata portion of the annual STI award awarded to the executive for

EXECUTIVE COMPENSATION

the year in which termination occurs, and (2) severance benefits pursuant to the provisions of the Berry Global, Inc. Severance Pay Plan in effect on the date of termination. If Mr. Greene is terminated by the Company without “cause” (as such term is defined in his agreement), the executive is entitled to severance benefits pursuant to the provisions of the Berry Global, Inc. Severance Pay Plan in effect on the date of termination.

On July 20, 2016, the Company agreed to amendments to the employment agreements of Messrs. Miles, Begle, and Greene that provide enhanced severance benefits on terminations of employment without “cause” or resignations for “good reason” (as such terms are defined in the amendments or agreement as applicable) (a “qualifying termination”), in either case, within the two years following a “change in control” (as such term is defined in the amendments or agreement as applicable).

The enhanced severance benefits made available to Messrs. Miles, Begle, and Greene include: (i) payment of an amount equal to one and one-half (or one, in the case of Mr. Greene) times the employee’s annual base salary and target annual STI award as of the date of qualifying termination over a period of eighteen (18) months (or twelve (12) months, in the case of Mr. Greene), (ii) payment of a prorated annual STI award only as, if, and when annual short-term incentive awards are paid to other employees of the Company who hold a position similar to the position the employee held prior to his qualifying termination, and (iii) if the employee elects COBRA continuation coverage, payment of an amount equal to the monthly amount of COBRA continuation coverage minus the portion of the amount the individual would have paid had he still been employed until the earlier of (A) his employment by another employer who offers him medical coverage or (B) eighteen (18) months (or twelve (12) months, in the case of Mr. Greene) following the qualifying termination.

Mr. Galvez

On September 30, 2015, one of the Company’s Spanish subsidiaries entered into an employment agreement (the “Galvez Employment Agreement”) with Mr. Galvez in accordance with local practice that remains in effect unless terminated according to the agreement’s terms. The Galvez Employment Agreement specifies that Mr. Galvez is entitled to base salary, short-term incentive compensation, use of a Company car, medical coverage and termination provisions. The Galvez Employment Agreement also includes a customary nondisclosure provision. The Company may terminate the Galvez Employment Agreement without cause or as a result of Mr. Galvez’s breach of his employment obligations. If Mr. Galvez is terminated by the Company without cause or, pursuant to local law, if Mr. Galvez terminates the agreement within 3 months after a change in control of the Company’s Spanish subsidiary, the executive is entitled to severance benefits to include 16 months’ of: (i) base salary, (ii) short term incentive compensation, and (iii) benefits. If Mr. Galvez is terminated by the Company due to a serious and willful breach by him of his obligations, he is not entitled to severance benefits.

On April 19, 2023, another of the Company’s Spanish subsidiaries entered into a services agreement with Mr. Galvez related to his service as managing director of that subsidiary and in accordance with local practice, which remains in effect unless terminated according to the agreement’s terms. For so long as Mr. Galvez remains managing director of this entity, the Galvez Employment Agreement is suspended and superseded by the services agreement. Upon the expiration or termination of his service as managing director (other than for Cause), the Galvez Employment Agreement will no longer be suspended and will be automatically in full force and effect. The services agreement specifies that Mr. Galvez is entitled to base salary, short-term incentive compensation, participation in the Company’s long-term incentive award plan, use of a Company car, medical coverage, medical leave benefits, customary expense reimbursements, and termination provisions. The services agreement also includes a customary nondisclosure and non-disparagement provisions. The Company may terminate the services agreement without cause upon 3 months’ notice or at any time for Cause (as defined in the services agreement). If Mr. Galvez is terminated by the Company without cause or if Mr. Galvez terminates the agreement as a result of certain materially adverse changes to his employment or the Company’s breach of its payment obligations under the services agreement or within 3 months after a change in control of the Company’s Spanish subsidiary, the executive is entitled to severance benefits to include 16 months’ of: (i) base salary, (ii) short term incentive compensation, and (iii) benefits. If Mr. Galvez is terminated by the Company for Cause (as defined in the services agreement), he is not entitled to severance benefits.

Mr. Kwilinski

Effective October 2, 2023, the Board elected Kevin Kwilinski as Chief Executive Officer of the Company, succeeding Thomas Salmon, effective October 2, 2023 (the “Transition Date”). Mr. Kwilinski was also appointed as a member of the Board, effective immediately following Mr. Salmon’s retirement from the Board.

In connection with his appointment as Chief Executive Officer, the Company, Berry Global, Inc., its wholly owned subsidiary, and Mr. Kwilinski entered into an employment agreement. The initial term of the employment agreement is five years, which shall automatically renew for successive one-year periods unless written notice of an intent not to renew is provided by either party at least 90 days prior to the expiration of the initial or any subsequent term.

Mr. Kwilinski's annual base salary of \$1,050,000 is subject to annual adjustment at the discretion of the Compensation & Talent Development Committee. Among other things, the employment agreement generally entitles Mr. Kwilinski to participate in all employee benefit plans maintained by the Company that are generally available to senior executives as well as customary reimbursement of travel and relocation expenses. Mr. Kwilinski will be eligible for an annual performance-based short-term incentive award determined based on a target of 125% of his then-current annual base salary, with performance objectives specified by the Compensation & Talent Development Committee or the Board. Mr. Kwilinski received an initial equity award grant in the form of restricted stock, with a grant date value of \$9,000,000 and vesting at a rate of one-third each year over a three-year period. Mr. Kwilinski is also entitled to receive a long-term incentive award at the time of the Company's next regular annual grants, with a grant date value of \$7,200,000.

If Mr. Kwilinski is terminated by the Company without "Cause" or if he resigns for "Good Reason" (each as defined in his employment Agreement) in either case subject to his execution of a release of claims and compliance with the restrictive covenants set forth in the Employment Agreement, he is entitled to, among other customary accrued obligations of the Company: (1) cash severance equal to 18 months' base salary (unless such termination occurs within two years following a "change in control" (as defined in his employment agreement), in which case the cash severance amount is equal to the sum of 18 months' base salary plus 1.5 times Mr. Kwilinski's then-current target annual bonus award), payable in bi-monthly installments, (2) a prorated bonus award based on actual performance for the year in which termination occurs and the relative period of such year during which Mr. Kwilinski was employed, payable within the first two and one-half months of the year following the year in which termination occurs, (3) acceleration of the vesting of his initial equity award of \$9,000,000 in restricted stock, and (4) for a period of up to 18 months, a monthly amount equal to the amount by which the monthly COBRA continuation coverage premium exceeds the monthly premium an active employee would pay for the same coverage under the Company's group medical plans; provided, that if Mr. Kwilinski becomes reemployed with another employer and is eligible to receive medical benefits under that employer's group medical plans, such monthly payments shall cease for any period of time during which he remains eligible for coverage under his new employer's group medical plans.

The following table estimates the potential payments and benefits to our Named Executive Officers upon termination of employment or a change in control, assuming such event occurred as of September 30, 2023. These estimates do not reflect the actual amounts that will be paid to such persons upon such events in the future, if any, the amounts of which would only be known at the time the persons become eligible for payment and would be payable only if the specified event occurs.

(1) Based on the difference between the closing price of the Company's common stock on the last day of fiscal 2023, \$61.91, and the exercise price of accelerated options.

(2) Assumes termination occurs within two (2) years following the Change in Control.

(3) Calculated using the closing price of the Company's common stock on the last day of fiscal 2023, \$61.91, and award vesting at target performance levels.

With respect to options granted under the 2012 Long-Term Incentive Plan (the "2012 Plan") and the 2015 Plan, if the employment of the participant is terminated at any time following a "change in control" of the Company for any reason other than for cause, the death or disability of the participant, or the voluntary termination of employment by the participant, 40% of each grantee's unvested options become vested. With respect to options granted under the 2015 Plan, no award will vest or become payable solely as a result of a change in control, unless otherwise provided in an award agreement or award program. We have not granted any equity awards under the 2015 Plan that would vest or become payable solely as a result of a change in control. In the case of a termination of employment due to death or permanent disability, all of the employee's unvested options will immediately vest.

On July 20, 2016, the Company amended outstanding stock options to provide for full vesting and exercisability following any termination of employment without "cause" and not due to "disability" or any resignation for "good reason," if applicable, within the two years following a "change in control." In that case, the options will also continue to be exercisable for the remaining term of the applicable award. Any change in control rights in the applicable awards prior to these amendments were preserved to the extent they could apply more than two years following a change in control.

PSUs provide a retention incentive by requiring the executive to remain employed with Berry through the end of the applicable performance period. Notwithstanding the foregoing, if a grantee's employment is involuntarily terminated without "cause" (as defined in the award agreement), PSU award agreements generally provide that the service condition shall be deemed satisfied with respect to a pro-rated number of PSUs based on the number of months of the performance period completed at the time of termination. In addition, outstanding PSU awards provide full satisfaction of the service condition upon an employee's death, permanent disability or qualified retirement. Any vested PSUs are, in all events, settled shortly following the last day of the Performance Period. PSU awards provide that the service condition is deemed met following any involuntary termination of employment without "cause" (as defined in the award agreement) or any resignation for "good reason," if applicable (as defined in the recipient's employment agreement) within the two years following a change in control. PSU awards also provide that upon an involuntary termination of employment more than two years after a change in control, an additional forty percent (40%) of the service condition is deemed met (not to exceed one hundred percent (100%)). Any vested PSUs are, in all events, settled shortly following the last day of the Performance Period.

EXECUTIVE COMPENSATION

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (“Dodd-Frank”) and Item 402(u) of Regulation S-K, we are providing the following estimate of the relationship of the annual total compensation of our employees and the annual total compensation of Thomas E. Salmon, our CEO, as of the end of our 2023 fiscal year.

For fiscal 2023:

- The median of the annual total compensation of all our employees, other than our CEO, was \$63,811.
- The annual total compensation of our CEO, as reported in the Summary Compensation Table included in this Proxy Statement was \$11,710,612.

Based on this information, we reasonably estimate that for fiscal 2023 our CEO’s annual total compensation was approximately 184 times that of the median of the annual total compensation of all our employees.

We took the following steps to identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our CEO.

1. To identify the “median employee” from our employee population, as our consistently applied compensation measure, we used base annual wages plus any STI or sales incentive payments that each employee received in fiscal 2023 plus retirement savings contributions by the Company, in each case before any taxes, deductions, insurance premiums and other payroll withholdings. We did not use any statistical sampling techniques. The identified median employee was an hourly employee located in the United States.
2. As of our determination date of September 1, 2023, our employee population comprised 41,897 employees. Applying the “5% de minimis exemption,” we excluded 2,046 employees (4.7% of the global workforce), resulting in a remainder of 43,943 employees. Excluded countries and employee counts were as follows: Tunisia (241), Thailand (164), Philippines (89), Bosnia Herzegovina (223), India (190), Czech Republic (152), Estonia (179), Argentina (143), Romania (102), Colombia (153), Peru (5), Hungary (1), Norway (170), Finland (47), Switzerland (24), Hong Kong (32), Russia (129), and Iceland (2). Additionally, applying the “acquired employees” exemption, we excluded 172 employees who joined the Company in connection with our acquisition of Pro-Western Plastics, for a total of 2,218 employees excluded from our calculations.
3. For the annual total compensation of our median employee, we identified and calculated the elements of that employee’s compensation for fiscal 2023 in accordance with the requirements to determine the CEO pay reported in the Summary Compensation Table, resulting in annual total compensation of \$63,811.
4. For the annual total compensation of our CEO, we used the amount reported in the “Total” column in “Executive Compensation — Summary Compensation Table.”
5. To calculate the CEO pay ratio, the total compensation of our CEO was divided by the total compensation of the median employee.

The CEO pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules based on the methodologies and assumptions described above. SEC rules for identifying the median employee and determining the CEO pay ratio permit companies to employ a wide range of methodologies, estimates, and assumptions. As a result, the CEO pay ratios reported by other companies, which may have employed other permitted methodologies or assumptions and which may have a significantly different work force structure from ours, are likely not comparable to our CEO pay ratio.

PAY VERSUS PERFORMANCE

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid and certain financial performance of the Company. Compensation actually paid (CAP), as determined under SEC requirements, does not reflect the actual amount of compensation earned by or paid to our executive officers during a covered year. In addition, the Compensation & Talent Development Committee did not consider the pay versus performance disclosure below in making its pay decisions for any of the years presented. For further

information concerning our pay-for-performance philosophy and how we align our executive compensation programs with the Company's performance, refer to the "Compensation Discussion & Analysis" section.

EXECUTIVE COMPENSATION

Relationship Between Compensation Actually Paid and Performance

In accordance with the SEC's rules, the following section describes the relationship between Compensation Actually Paid (CAP) and the Company's performance metrics set forth in the table above over the fiscal years presented:

- As noted in the above table, our TSR performance exceeded our peer group TSR in each of the fiscal years presented, and the negative TSR performance in fiscal 2022 correlates with the reduction in CAP in fiscal 2022.
- Our Operating EBITDA declined in each of the fiscal years presented, and CAP also declined in fiscal 2022. While the Operating EBITDA sequential declines do not directly correlate with the changes in CAP for all fiscal years presented in the table above, typically performance is measured against market expectations which are impacted by various factors (i.e., normalization from COVID related benefits, acquisition/divestitures, changes in foreign currency exchange rates, timing of passing on inflation, general market softness/outlook, etc.).
- Net income (calculated in accordance with GAAP) increased from fiscal 2021 to fiscal 2022 and decreased in fiscal 2023 and was not directly correlated with CAP for the fiscal years presented. The Company does not use net income to determine compensation levels or incentive plan payouts.

Relationship Between Compensation Actually Paid and Performance

Our executive compensation programs are designed to ensure alignment between executive pay, business performance and shareholders. For the last fiscal year, the most important financial performance measures used to link Compensation Actually Paid to our PEO and Non-PEO NEOs (as calculated in accordance with Item 402(v) of Regulation S-K) to Company performance are listed below in no specific ranked order:

- TSR
- Operating EBITDA
- Free Cash Flow

PROPOSAL 1: ELECTION OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ELECTION OF EACH OF THE DIRECTOR NOMINEES.

The current term of office of all of our directors expires at the meeting or when their successors are duly elected and qualified. The Nominating & Governance Committee and the Board believe that the nominees listed below collectively possess the attributes, which, together with the respective experience and attributes of our directors described in the biographical summaries above, make each of our directors well qualified to serve on our Board.

Eleven directors are to be elected by the holders of our common stock. B. Evan Bayh, Jonathan F. Foster, Meredith R. Harper, Idalene F. Kesner, Kevin J. Kwilinski, Jill A. Rahman, Carl J. Rickertsen, Chaney M. Sheffield, Jr., Robert A. Steele, Stephen E. Sterrett, and Peter T. Thomas, each of whom presently serves as a director of Berry, have each been nominated for a term of one year and, if elected, would serve until their respective successors have been elected and qualified. Mr. Kwilinski, Ms. Harper and Mr. Thomas are each standing for election to serve as a director of the Company for the first time at this Annual Meeting. Their candidacy was evaluated and recommended by the Nominating & Governance Committee. Ms. Harper initially joined the Board immediately following the 2023 Annual Meeting and Mr. Kwilinski initially joined the Board on October 2, 2023 when he was also appointed as CEO of the Company. Mr. Thomas initially joined the Board in immediately following the 2023 Annual Meeting pursuant to Board action in accordance with the Cooperation Agreement that we entered into with Ancora Catalyst Institutional LP and certain of its affiliates and Eminence Capital, L.P. on November 22, 2022, as amended. Additionally, Scott B. Ullem, who has served on our Board with distinction since 2016, has informed the Board that he will not be standing for re-election at the 2024 Annual Meeting in order to focus on other ongoing business commitments. Accordingly, Mr. Ullem will no longer be serving on our Board effective immediately following the 2024 Annual Meeting. The Company is grateful for his many years of service. The Board expects to undertake a formal search to find a replacement to fill the vacancy created by Mr. Ullem's departure.

If, at the time of this Annual Meeting, any nominee is unable or declines to serve, the discretionary authority provided in the proxy may be exercised to vote for a substitute or substitutes. The Board of Directors has no reason to believe that any substitute nominee or nominees will be required.

PROPOSAL 2: RATIFICATION OF SELECTION OF REGISTERED PUBLIC ACCOUNTANTS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING SEPTEMBER 28, 2024.

The Audit & Finance Committee, a committee of the Board of Directors, has appointed Ernst & Young LLP to serve as our independent registered public accountants for the fiscal year ending September 28, 2024, subject to ratification by the holders of our common stock. Our financial statements for the fiscal year ended September 30, 2023 were certified by Ernst & Young LLP. Representatives of Ernst & Young LLP are expected to attend the Annual Meeting with the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

If stockholders do not ratify the selection of Ernst & Young LLP as our independent registered public accountants, or if prior to the 2024 Annual Meeting of stockholders Ernst & Young LLP ceases to act as our independent registered public accountants, then the Audit & Finance Committee will reconsider the selection of independent registered public accountants.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The following table sets forth the fees (in millions) incurred by Ernst & Young LLP for fiscal 2023 and 2022, for various categories of professional services they performed as our independent registered public accountants.

Fee type	2023	2022
Audit Fees ⁽¹⁾	\$8.9	\$8.2
Tax Fees ⁽²⁾	—	—
Total Fees	\$8.9	\$8.2

- (1) Includes annual financial statement and limited quarterly review services, statutory audits of foreign subsidiaries and providing consents for Securities and Exchange Commission filings and other services that are normally provided by the independent registered public accountants in connection with securities offerings.
- (2) Includes domestic and international tax compliance, planning services and tax advice.

ENGAGEMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS AND APPROVAL OF SERVICES

During fiscal 2023 and 2022, prior to engaging the independent registered public accountants to render the above services, the Audit & Finance Committee approved the engagement for each of the services and determined that the provision of such services by the independent registered public accountants was compatible with the maintenance of Ernst & Young LLP's independence in the conduct of its auditing services. The Audit & Finance Committee pre-approves the retention of the independent registered public accountants for any audit services and for any non-audit services, including tax services. No services were performed during fiscal 2023 under the *de minimis* exception in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

PROPOSAL 3: ADVISORY, NON-BINDING VOTE ON EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ADVISORY (NON-BINDING) VOTE APPROVING OUR EXECUTIVE COMPENSATION.

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, we are including in this Proxy Statement a separate resolution, subject to stockholder vote, to approve, in an advisory, non-binding vote, the compensation of our Named Executive Officers disclosed in the “Executive Compensation” section beginning on page 31 of this Proxy Statement. We believe that the information we have provided above in the “Executive Compensation” section of this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation.

Accordingly, we are asking our stockholders to approve, in an advisory, non-binding vote, the following resolution:

“RESOLVED, that the stockholders approve, in an advisory, non-binding vote, the compensation of the company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.”

This advisory resolution, commonly referred to as the “say-on-pay” resolution, is non-binding on the Board of Directors. Although non-binding, the Board of Directors and Compensation & Talent Development Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

PROPOSAL 4: APPROVAL OF AMENDMENT TO THE AMENDED & RESTATED CERTIFICATE OF INCORPORATION TO INCLUDE AN OFFICER EXCULPATION PROVISION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ADOPTION OF AN OFFICER EXCULPATION PROVISION IN THE AMENDED & RESTATED CERTIFICATE OF INCORPORATION.

Background

The State of Delaware, which is the Company’s state of incorporation, recently enacted legislation that enables Delaware companies to limit the liability of certain officers in limited circumstances under Section 102(b)(7) of the Delaware General Corporation Law (“DGCL”).

Specifically, the new Delaware legislation allows us to add a provision to our certificate of incorporation that no director or officer of the Company shall be personally liable to the Company or our stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability (i) for any breach of the director’s or officer’s duty of loyalty to our Company or our stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) with respect to directors, under Section 174 of the Delaware General Corporation Law as the same exists or hereafter may be amended, (iv) for any transaction from which the director or officer derived an improper personal benefit, or (v) with respect to officers, in any action by or in the right of the Company. After careful consideration, our Board recommends that stockholders vote “**FOR**” the proposal to amend our Certificate of Incorporation to include such an officer exculpation provision (the “Exculpation Amendment”).

Conditions and Limitations to Exculpation under DGCL Section 102(b)(7)

As amended, Section 102(b)(7) of the DGCL provides important conditions and limitations on a corporation’s exculpation of its officers for monetary damages from breaches of fiduciary duty.

- Exculpation is only available for breaches of the fiduciary duty of care.
- Exculpation is not available for breaches of the fiduciary duty of loyalty (which requires officers to act in good faith for the benefit of the corporation and its stockholders and not for personal gain).
- Exculpation is not available for intentional misconduct or knowing violations of the law.
- The protections of Section 102(b)(7) are limited to monetary damages only, so that claims against officers for equitable relief are available.
- Exculpation is not available in connection with derivative claims on behalf of the corporation by a stockholder.

Reasons for the Proposal

The Board believes that eliminating personal monetary liability for officers under certain circumstances is reasonable and appropriate. Claims against corporations generally for breaches of fiduciary duties are expected to continue increasing. Delaware corporations that fail to adopt officer exculpation provisions may experience a disproportionate amount of nuisance litigation and disproportionately increased costs in the form of increased director and officer liability insurance premiums, as well as diversion of management attention from the business of the corporation. Further, the Board anticipates that similar exculpation provisions are likely to continue to be adopted by the Company’s peers and others with whom the Company competes for executive talent. As a result, officer exculpation provisions may become necessary for Delaware corporations to attract and retain experienced and qualified corporate officers. As noted above, the protections do not apply automatically and must be embedded in the corporation’s certificate

PROPOSAL 4: APPROVAL OF AMENDMENT TO THE AMENDED & RESTATED CERTIFICATE OF INCORPORATION TO
INCLUDE AN OFFICER EXCULPATION PROVISION

of incorporation to be effective. Accordingly, the Board has determined it advisable and in the best interests of the Company and its stockholders to seek stockholders' approval for the Exculpation Amendment.

Effect of the Proposal if Approved

The Exculpation Amendment would provide for the elimination of personal monetary liability for certain officers only in connection with direct claims brought by stockholders, subject to the limitations described above. As is already the case with directors under the Certificate of Incorporation, the Exculpation Amendment would not limit the liability of officers for any breach of the duty of loyalty to the Company or its stockholders, any acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, or any transaction from which the officer derived an improper personal benefit.

Approval of Amendment

This description is qualified by the full text of the amendment to Article IX of the Amended and Restated Certificate of Incorporation, which is attached to this Proxy Statement as Annex A. In Annex A, additions of text to our Certificate of Incorporation are indicated by underlining and deletions of text are indicated by strike-outs.

If this proposal to amend our Certificate of Incorporation is approved by our stockholders, the resulting amendment will be filed with the Secretary of State of the State of Delaware shortly after the Annual Meeting. In accordance with the DGCL, however, the Board may abandon the amendment without further action by the stockholders at any time prior to the effectiveness of the filing of the amendment with the Secretary of State of the State of Delaware, notwithstanding stockholder approval.

PROPOSAL 5: APPROVAL OF AN AMENDMENT TO THE EXCLUSIVE FORUM PROVISIONS OF THE AMENDED & RESTATED CERTIFICATE OF INCORPORATION TO INCLUDE FEDERAL SECURITIES CLAIMS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ADOPTION OF AN AMENDMENT TO THE EXCLUSIVE FORUM PROVISION IN THE CERTIFICATE OF INCORPORATION TO INCLUDE FEDERAL SECURITIES CLAIMS

Background

The Board has unanimously approved and declared advisable, and resolved to recommend to the Company’s stockholders that they approve an amendment to the Certificate of Incorporation to add a new provision that, unless the Company selects or consents in writing to the selection of an alternative forum, the sole and exclusive forum for the resolution of any complainant asserting a cause of action arising under the Securities Act of 1933, shall be the federal district courts of the United States of America (the “Federal Forum Selection Amendment”).

Reasons for the Proposal

The Board believes that the Company and its stockholders will benefit from having any causes of action arising under the Securities Act of 1933 being litigated in the federal district courts of the United States. The Federal Forum Selection for the Securities Act Claims Amendment is intended to provide a streamlined, efficient and organized process for resolution of such disputes. The Federal Forum Selection Amendment is intended to prevent plaintiff forum shopping and the related practice of filing parallel lawsuits in multiple jurisdictions.

In determining whether to adopt the Federal Forum Selection Amendment, the Board considered a number of factors, including the following:

- potentially avoiding litigating actions on the same topic in multiple jurisdictions, with the associated duplication of litigation expenses, and the potential for inconsistent outcomes;
- limiting forum shopping by plaintiffs’ lawyers and potentially discouraging illegitimate claims;
- retaining the Company’s ability to consent to an alternative forum, if desired;
- avoiding having to address where an action may be brought, and instead focusing on underlying substantive rights or remedies;
- the increasing trend toward adopting forum selection clauses in response to multi-forum litigation; and
- the benefit of having the Board deliberate on whether to adopt such a provision on a “clear day” rather than in response to actual or threatened litigation.

Our Board evaluated the Federal Forum Selection Amendment in light of the considerations described above. Based on these considerations, the Board adopted resolutions setting forth the Federal Forum Selection Amendment, declared the amendment advisable and in the best interests of the Company and our stockholders, approved and adopted the amendment, unanimously resolved to submit the Federal Forum Selection Amendment to our stockholders for approval and recommended that our stockholders adopt the amendment.

Effect of the Proposal if Approved

The approval and implementation of the Federal Forum Selection Amendment will result, to the fullest extent permitted by law, in the federal district courts of the United States of America being the exclusive forum for the

PROPOSAL 5: APPROVAL OF AN AMENDMENT TO THE EXCLUSIVE FORUM PROVISIONS OF THE AMENDED & RESTATED

CERTIFICATE OF INCORPORATION TO INCLUDE FEDERAL SECURITIES CLAIMS

resolution of any complainant asserting a cause of action arising under the Securities Act of 1933, unless the Company selects or consents in writing to the selection of an alternative forum.

If our stockholders do not approve the Federal Forum Selection Amendment, no changes will be made to the Certificate of Incorporation with respect to the selection of a federal forum for Securities Act claims (however, the Company's current forum selection provision that provides that the Delaware Court of Chancery will be the exclusive forum for certain intracorporate disputes will remain in place unchanged), and a Certificate of Amendment setting forth the Federal Forum Selection Amendment will not be filed with the Delaware Secretary of State.

Approval of Amendment

This description is qualified by the full text of the amendment to Article IX of the Amended and Restated Certificate of Incorporation, which is attached to this Proxy Statement as Annex B. In Annex B, additions of text to our Certificate of Incorporation are indicated by underlining and deletions of text are indicated by strike-outs.

If this proposal to amend our Certificate of Incorporation is approved by our stockholders, the resulting amendment will be filed with the Secretary of State of the State of Delaware shortly after the Annual Meeting. In accordance with the DGCL, however, the Board may abandon the amendment without further action by the stockholders at any time prior to the effectiveness of the filing of the amendment with the Secretary of State of the State of Delaware, notwithstanding stockholder approval.

Even if you plan to attend the Annual Meeting in person, we recommend that you also submit your proxy by telephone or via the Internet, or by completing, signing, dating, and returning the attached proxy card by the applicable deadline so that your vote will be counted, if you later decide not to, or are unable to, attend the meeting.

By casting your vote, you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions.

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from the holder of record that you must follow for your shares to be voted. Please check with your bank, broker or other nominee and follow the voting procedures provided by them to vote your shares. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the Annual Meeting.

If I am the beneficial owner of shares held in “street name” by my broker or other nominee, will my broker or other nominee automatically vote my shares for me?

Shares held in street name are shares held electronically in the account of a broker or other nominee. The actual stockholder is referred to as the beneficial owner. Stock exchange rules applicable to brokers and other nominees grant them discretionary authority to vote your shares without receiving your instructions on certain matters. Your broker or other nominee has discretionary voting authority under these rules to vote your shares on the ratification of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending September 28, 2024. However, unless you provide voting instructions to your broker or other nominee, **they do not have authority to vote on the election of directors, approval of our executive compensation or amendments of our Amended and Restated Certificate of Incorporation.** This is referred to as a “broker non-vote.” Such broker non-votes will not be considered as present and entitled to vote with respect to such non-routine matters and thus will have no effect on the outcome of the vote, except that with respect to the Exculpation Amendment and the Federal Forum Selection Amendment, such broker non-votes would have the same effect as if the shares represented thereby were voted against such proposal. Therefore, it is particularly important that beneficial owners instruct their brokers and other nominees on how they wish to vote their shares.

How will my shares be voted if I give my proxy but do not specify how my shares should be voted?

If you hold shares in your own name (i.e., do not hold shares in “street name”) and provide specific voting instructions, your shares will be voted at the Annual Meeting in accordance with your instructions. If you hold shares in your own name and return your signed proxy card but do not indicate your voting preferences, we will vote on your behalf (i) **FOR** the election of each director nominee; (ii) **FOR** the ratification of the selection of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending September 28, 2024; (iii) **FOR** approval of our executive compensation on a non-binding, advisory basis; (iv) **FOR** approval of the Exculpation Amendment; and (v) **FOR** the Federal Forum Selection Amendment. If any other matter properly comes before the Annual Meeting, the designated proxies will vote on that matter in their discretion as well.

QUESTIONS AND ANSWERS ABOUT THIS ANNUAL MEETING

What constitutes a quorum?

Holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting as of the record date must be present in person or represented by proxy at the Annual Meeting to constitute a quorum for the conduct of business at the Annual Meeting. Abstentions and broker non-votes will be treated as shares present for purposes of determining the presence of a quorum. An “abstention” occurs when a stockholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. A broker “non-vote” occurs when a broker or other nominee who holds shares for the beneficial owner is unable to vote those shares for the beneficial owner because the broker or other nominee does not have discretionary voting power for the proposal and has not received voting instructions from the beneficial owner of the shares.

How many votes are needed for approval of each proposal?

Each director must be elected by the affirmative vote of a majority of the votes cast with respect to each director by the shares present in person or represented by proxy and entitled to vote on the matter (Proposal 1). The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter is required (i) to ratify the appointment of Ernst & Young LLP as our independent registered public accountants for the fiscal year ending September 28, 2024 (Proposal 2); and (ii) to approve, on an advisory, non-binding basis, our executive compensation (Proposal 3). The affirmative vote of the holders of a majority in voting power of all the shares entitled to vote generally in the election of directors, whether or not such shares vote on the proposal, shall be required to approve the Exculpation Amendment (Proposal 4) and to approve the Federal Forum Selection Amendment (Proposal 5). A broker non-vote or an abstention with respect to the election of directors is not a vote cast and, therefore, will have no effect on the outcome of the election of directors (Proposal 1). An abstention with respect to Proposal 2, Proposal 3, Proposal 4 or Proposal 5 will not be voted, although it will be counted for the purpose of determining the number of shares represented at the meeting and entitled to vote on the matter. Accordingly, an abstention will have the effect of a vote against Proposal 2, Proposal 3, Proposal 4 and Proposal 5. Broker non-votes have no effect on the outcome of the voting on Proposal 3, but will have the same effect as a vote against Proposal 4 and Proposal 5.

How can I change my vote?

You may revoke your proxy at any time before it is exercised by:

- Delivering to the Secretary a written notice of revocation, dated later than the proxy, before the vote is taken at the Annual Meeting;
- Delivering to the Secretary an executed proxy bearing a later date, before the vote is taken at the Annual Meeting; or
- Attending the Annual Meeting and voting in person (your attendance at the Annual Meeting, in and of itself, will not revoke the proxy).

Any written notice of revocation, or later dated proxy, should be delivered to:

Berry Global Group, Inc.
101 Oakley Street
Evansville, Indiana 47710
Attention: Jason K. Greene, Chief Legal Officer and Secretary

Alternatively, you may hand deliver a written revocation notice, or a later dated proxy, to the Secretary at the Annual Meeting before we begin voting.

If your shares are held by a bank, broker or other nominee, you must follow the instructions provided by the bank, broker or other nominee if you wish to change your vote.

Does Berry offer an opportunity to receive future proxy materials electronically?

Yes. If you are a stockholder of record, you may, if you wish, receive future Proxy Statements and annual reports online. If you elect this feature, you will receive either a proxy card or an e-mail message notifying you when the

materials are available, along with a web address for viewing the materials. You may sign up for electronic delivery by marking and signing the appropriate spaces on your proxy card or by contacting our Investor Relations Department by e-mail at ir@berryglobal.com or by phone at (812) 306-2964. If you received these materials electronically, you do not need to do anything to continue receiving materials electronically in the future.

If you hold your shares in a brokerage account, you may also have the opportunity to receive proxy materials electronically. Please follow the instructions of your broker.

Electronic delivery saves Berry money by reducing printing and mailing costs. It will also make it convenient for you to receive your proxy materials online. DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and persons who own more than 10% of existing common stock, to file with the Securities and Exchange Commission reports detailing their ownership of existing common stock and changes in such ownership. Officers, directors and greater-than-10% stockholders are required by Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on review of the copies of such forms furnished to us, we believe that our officers, directors and greater-than-10% stockholders timely filed all reports they were required to file under Section 16(a) during fiscal 2023. However, a Section 16(a) Form 5 was filed within 45 days after the end of fiscal 2023 for Curtis L. Begle after it was discovered that during fiscal 2022 a Section 16(a) Form 4 was not filed to reflect the change in the beneficial ownership of 9,324 shares of Berry stock that were transferred from Mr. Begle's GRAT to a grantor trust for the benefit of his minor child.

STOCKHOLDER PROPOSALS

We intend to file a Proxy Statement and a WHITE proxy card with the SEC in connection with our solicitation of proxies for the 2025 Annual Meeting. Stockholders may obtain our proxy materials (and any amendments and supplements thereto) and other documents as and when filed by the Company with the SEC without charge from the SEC's website at: www.sec.gov.

Proposals Pursuant to Rule 14a-8

Under the rules of the Securities and Exchange Commission, any of our stockholders wishing to have a proposal considered for inclusion in our 2025 proxy solicitation materials must set forth such proposal in writing and file it with our Secretary on or before the close of business on September 6, 2024. However, if the date of the 2025 Annual Meeting is more than 30 days before or after February 14, 2025, then the deadline for submitting any stockholder proposal for inclusion in the proxy materials relating to such Annual Meeting will be a reasonable time before we begin to print or mail such proxy materials. The inclusion of any such stockholder proposals in such proxy materials will be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934, as amended, including Rule 14a-8.

Proxy Access Director Nominees

Pursuant to the proxy access provisions of our Bylaws, our stockholders are entitled to nominate and include in our proxy materials director nominees, provided that the eligibility and procedural requirements specified in our Bylaws, including advance notice requirements, are satisfied. The notice must be delivered to the Secretary at our principal executive offices, at the address set forth above, not less than 120 days nor more than 150 days prior to the anniversary of the date we commenced the mailing of our proxy materials in connection with the most recent annual meeting of stockholders. As a result, any notice given by a stockholder pursuant to the proxy access provisions of our Bylaws with respect to the 2025 Annual Meeting must be received no earlier than the close of business on August 7, 2024, and no later than the close of business on September 6, 2024. However, in the event that the date of the 2025 Annual Meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary of the 2024 Annual Meeting, the notice, to be timely, must be delivered not earlier than the close of business on the 180th day and not later than the close of business on the 150th day prior to the date of the 2025 Annual Meeting (or, if the first public announcement of the meeting is less than 160 days prior to the date of the meeting, the tenth day following the day on which the meeting is publicly announced).

The complete requirements for submitting a nominee for inclusion in our proxy materials are set forth in our Bylaws, a copy of which can be obtained upon request directed to the Secretary at our principal executive offices at the address set forth above.

Other Proposals and Nominees

Any stockholder who wishes to propose any business to be considered by the stockholders at the 2025 Annual Meeting or who wants to nominate a person for election to the Board of Directors at that meeting, other than (i) a

proposal for inclusion in the Proxy Statement pursuant to Securities and Exchange Commission regulations or (ii) pursuant to the proxy access Bylaw provisions, in each case as described above, must provide a written notice that sets forth the specified information described in our Bylaws concerning the proposed business or nominee. The notice must be delivered to the Secretary at our principal executive offices, at the address set forth above, not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the date of the 2024 Annual Meeting. As a result, any notice given by a stockholder pursuant to these provisions of our Bylaws (and not pursuant to the Securities and Exchange Commission regulations relating to stockholder proposals for inclusion in the proxy materials or pursuant to the proxy access provisions of our Bylaws) must be received no earlier than the close of business on October 17, 2024, and no later than the close of business on November 16, 2024, unless our Annual Meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, in which case the stockholder's notice must be received not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the date of the Annual Meeting (or, if the first public announcement of the meeting is less than 100 days prior to the date of the meeting, the tenth day following the day on which the meeting is publicly announced). The complete requirements for the notice are set forth in our Bylaws, a copy of which can be obtained upon request directed to the Secretary at our principal executive offices at the address set forth above.

Our Board of Directors will review any stockholder proposals and nominations that are made according to the procedures described above and, with the assistance of the Secretary, will determine whether such proposals and nominations meet applicable criteria for inclusion in our proxy solicitation materials or consideration at the Annual Meeting. In addition, we retain discretion to vote proxies on matters of which we are not properly notified at our principal executive offices on or before the close of business on the applicable stockholder proposal filing deadline and also retain that authority under certain other circumstances.

Universal Proxy Rules

In addition to satisfying the foregoing requirements, including the timing and other requirements, under the Bylaws summarized above under “— Other Proposals and Nominees,” to comply with the universal proxy rules, shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees for the 2025 Annual Meeting must also provide notice to Secretary of the Company, whose address is 101 Oakley Street, Evansville, IN 47710, that sets forth all information required by Rule 14a-19 under the Securities Exchange Act of 1934 no later than December 16, 2024 (or, if the 2025 Annual Meeting is called for a date that is not within 30 calendar days of the anniversary of the date of the 2024 Annual Meeting, then notice must be provided by the later of 60 calendar days prior to the date of the 2025 Annual Meeting or by the close of business on the tenth calendar day following the day on which public announcement of the date of the 2025 Annual Meeting is first made). A shareholder seeking to utilize the universal proxy rules must comply with those rules and must also comply with our Bylaws, including the obligation to provide timely notice (not less than 90 nor more than 120 days before the anniversary of the prior year's meeting) as described above under “— Other Proposals and Nominees.”

OTHER MATTERS

Our Board of Directors knows of no other matters to be brought before this Annual Meeting. However, if other matters should come before the meeting, it is the intention of each person named in the proxy to vote such proxy in accordance with his or her judgment on such matters.

EXPENSES OF SOLICITATION

The entire expense of soliciting proxies, including preparing, assembling, printing and mailing the proxy form and the material used in the solicitation of proxies, will be paid by us. Solicitations may be made in person or by mail, telephone, facsimile or other means of electronic communication by our directors, officers and other employees, and none of those persons will receive any additional compensation in connection with the solicitation. We also will request record holders of shares beneficially owned by others to forward this Proxy Statement and related materials to the beneficial owners of such shares and will reimburse those record holders for their reasonable expenses incurred in doing so.

HOUSEHOLDING OF PROXY MATERIALS

We have adopted a procedure permitted by Securities and Exchange Commission rules that is commonly referred to as “householding.” Under this procedure, a single Proxy Statement and annual report are delivered to multiple stockholders sharing an address unless we receive contrary instructions from any stockholder at that address. We will continue to send a separate proxy card to each stockholder of record. We have adopted this procedure because we believe it reduces the volume of duplicate information stockholders receive and helps to reduce our printing and postage costs. A number of brokers with account holders who are Berry stockholders will be “householding” our proxy materials and annual reports as well.

If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Proxy Statement and annual report, or if you and other stockholders sharing your address are receiving multiple copies of the proxy materials and you would like to receive only a single copy of such materials in the future, please notify your broker if you hold your Berry shares through a broker, or notify us directly if you are a stockholder of record by contacting our Investor Relations Department by e-mail at ir@berrycglobal.com or by phone at (812) 306-2964. We will send promptly additional copies of the relevant materials following receipt of a request for additional copies.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Statements contained in this Proxy Statement that are not historical facts are “forward-looking” statements under the Private Securities Litigation Reform Act of 1995. These forward-looking statements, including but not limited to, statements concerning, our business strategy and strategic priorities, our goals or targets, our director succession plans and plans for our corporate responsibility and sustainability program. These forward-looking statements are based on our current expectations and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the forward-looking statements. All forward-looking statements are made only as of the date hereof, and we undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law. Additionally, we caution readers that the list of important factors discussed in the section titled “Risk Factors” in our Annual Report on Form 10-K may not contain all of the material factors that are important to you. In addition, in light of these risks and uncertainties, the matters referred to in the forward-looking statements contained in this Proxy Statement may not in fact occur. Accordingly, readers should not place undue reliance on those statements.
