Innovation for the World

Initial Steps Toward a More Circular Economy

Wendy's® sets goal of sustainably sourcing 100% of its customer-facing packaging by 2026. Berry proposed moving from a selection of plastic-lined paper cups with very limited recyclability to single-substrate, clear plastic drink cups that more consumers will be able to recycle. Based on a mass balance approach, the cups will also use 20% ISCC-certified recycled plastic across all North America restaurants—a quick-service restaurant industry first.
